THE EXTRAORDINARY for THE EXTRAORDINARY

Freelance artist

(sculptor - object art - unique artist - autodidact)
Born in 1963 in Vienna with Dutch roots. Live and works in Gerasdorf near Vienna since mid-2009, previously in 1060 Vienna.

Craftsmanship and improvisation have always been my fortes, combined with creativity, so that I started my own business as a artistic craftsman in 1997. In 2003 I was accredited by the Academy of Fine Arts Vienna as an artist in the field of sculpture.

Natural materials, recycled materials and so on are always to be found in my work. Thus also the complexity of my works and the materials and techniques I employ.
